Garden City Rescue Mission

R/U - Program Policy

The following statement is the standing policy for our guests on probation or parole, or any guest who chooses to use this address as their temporary residence.

WE ARE NOT a Faith based facility. We are a Christian; Bible based ministry outreach effort of many fundamental Baptist churches and likeminded individuals and business owners. The core of the material for this program is from reformers Unanimous Recovery Program www.reformu.com.

Currently, we are unable to house any sex-offenders, or individuals with certain physical or medical conditions that would be deemed restricting per this establishment.

Although we are opening up our doors to help men once released out of prison, all parolee's and programmer's (men agreeing to our program) need to be aware of the environment they are entering into. We are operating this program in addition to the primary ministry of our facility; which is an overnight emergency shelter. Programmer's need to be aware that we have other guests who are not in our program. All of our guests are required to sign a waiver releasing the Mission and all of our supporters from any and all liability. It is also our requirement that each guest read and submits to the rules and leadership of this facility. All guests are responsible for all of their personal health and dental needs, as well as transportation.

Programmer's (our guests on parole using our address), will agree to submit to our program rules, the time frames, and leadership of this ministry. **If at any point a programmer refuses to comply to our system, that individual will then be treated as a regular guest, will be held to the 90 day limit, will be required to pay any fee's, and could be asked to leave the premises and his parole officer contacted.** Those who decide to be part of our program, will enjoy being part of a ministry that is helping others, while God is helping them.

WHAT WE DO. Although our intake policy is very limited, it is the goal of the ministry to provide a safe, loving, caring, clean environment for people to hear and receive the Gospel of Jesus Christ. It is our Goal to see men come into a real relationship with the Lord Jesus. Although our staff and resources are limited, it is our Goal to help each man face and work through all the problems they come to us with, to the best of our ability. With the limited resources we have, we have found we can best help those who want to have a life that will honor God. An individual who follows the Lord obtains favor of the Lord, but with God all things are possible.

We do give special consideration to those who try their best, to those who are the most humble.
